

1. Requested Motion:

Meeting Date: February 22, 2011

Approve the "Beach Bash" special event scheduled March 29th-April 3rd on the beach behind the Holiday Inn.

Why the action is necessary:

Town Council must approve all events more than three days in length that will have alcohol on the premises.

What the action accomplishes:

Authorizes the event applicant to move forward with the special event.

2. Agenda:

- ☒ Consent
- ☐ Administrative
- ☐ Public Hearing

3. Requirement/Purpose:

- ☐ Resolution
- ☐ Ordinance
- ☒ Other

4. Submitter of Information:

- ☐ Council
- ☒ Town Staff - Public Works
- ☐ Town Attorney

5. Background:

The Beach Bash is a new proposed event that will take place on the sandy part of the beach behind the Holiday Inn at 6890 Estero Blvd. The event will take place from Tuesday, March 29th-Sunday, April 3rd. This event will include master sand sculptures, live music, and a children's activity area. Live music is planned Friday-Sunday along with waterslides and bounce houses to entertain the children. Partnering with the Fort Myers Beach and Northside Naples Kiwanis clubs, a portion of the proceeds will be donated back to these clubs. The applicant is also requesting approval of open containers of alcohol in public areas.

The applicant has received authorization from the Holiday Inn for this event and will assist with public transportation. The applicant has requested that the Town place signage along Estero Blvd. to prevent parking in the public right-of-way.

6. Alternative Action:

Deny the request

7. Management Recommendations:

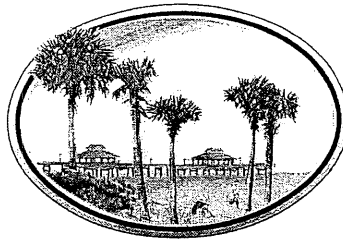

Approve the Special Event

8. Recommended Approval:

Town Manager	Town Attorney	Finance Director	Public Works Director	Community Development Director	Cultural Resources Director	Town Clerk
						

9. Council Action:

☐ Approved ☐ Denied ☐ Deferred ☐ Other

Town of Fort Myers Beach Special Event Application

Describe Event, Times, dates, activities, and general overview:

Sand Bash 2011 will take place Tuesday, March 29 – Sunday, April 3. The event will take place on the south end of the island, on the sandy beach behind the Fort Myers Beach Holiday Inn at 6890 Estero Blvd. north to the Sandarac Condos at 6666 Estero Blvd. This will be a fun-filled community event that will include master sand sculptures, live music and a children's activity area. Two-person sand sculpting teams will create masterpieces that will be 400 square feet at its base and almost 2-stories tall. Live music is planned Friday – Sunday along with waterslides, bounce houses, etc. to entertain the children. We will be partnering with the Fort Myers Beach and Northside Naples Kiwanis clubs on this event and a portion of the proceeds will be donated back to these clubs. We expect the event to attract approximately 20,000 individuals over the six days.

The majority of the parking will be on Lover's Key with shuttles provided to the Holiday Inn Fort Myers Beach. We have also secured additional/VIP parking on-site at the Holiday Inn Fort Myers Beach and at Fish Tale Marina. We are also exploring the possibility of adding a water taxi from Lover's Key to Fish Tale Marina to alleviate traffic.

We will also be requesting approval of open containers of alcohol in public areas, as provided in Ordinance 99-15, Chapter 62, Section 5(F) and understand that we need to go before the Town Council. We will look to be put on the agenda for an upcoming council meeting.

Town of Fort Myers Beach Special Event Application

Request for Public Assistance – define public purpose:

Sand Bash 2011 is a first year event that that will enhance the community and offer residents and visitors a great week of viewing fantastic artwork while listening to live music and participate in family activities. The Sand Bash is not asking the town to assist financially, but to support through various public functions. Examples of this would be appropriate coverage through the Sheriff's Department (assistance in traffic control, event safety, security) and Fire Department/EMS (staff a First Aid area). We understand that there will be traffic difficulties and we will be taking every measure to reduce them through additional staffing, shuttles, water taxis, etc. We would like to thank the Town of Fort Myers Beach, Town Council and Town Manager in advance for their time and consideration in approving this special event.

FIELD PERMIT PURSUANT TO SECTION 161.053 or 161.052, FLORIDA STATUTES

FINDINGS OF FACT AND CONCLUSIONS OF LAW: The request for a permit was considered by the staff designee of the Department of Environmental Protection and found to be in compliance with the requirements of Chapter 62B-33, Florida Administrative Code (F.A.C.). Approval is specifically limited to the activity in the stated location and by the project description, approved plans (if any), attached standard conditions, and any special conditions stated below pursuant to Paragraph 161.053(5), Florida Statutes. This permit may be suspended or revoked in accordance with Section 62-4.100, F.A.C.

PROJECT LOCATION: Between R-201 to R-202 in Lee County behind the Holiday Inn at 6890 Estero Blvd on Fort Myers Beach.

PROJECT DESCRIPTION: a sand sculpting event, Sand Bash, to be held on the sandy beach March 26 to April 3, 2011. Prep work will begin on March 26 and includes use of a blade and bucket to scrap only the top 4 inches of sand from the site into approx 20 piles (total of 620 cu. yds of native sand). Set up of inflatable bounce house, water slides, and pop-up tents.

SPECIAL PERMIT CONDITIONS: This permit is valid only after all applicable federal, state, and local permits are obtained and does not authorize contravention of local setback requirements or zoning or building codes. This permit and public notice shall be posted on the site immediately upon issuance and shall remain posted along with local approval until the completion of any activity authorized by this permit. Other special conditions of this permit include:

Only the dry, unvegetated native sand is to be used. No excavation (using mechanical equip) of more than six inches and no imported sand is allowed. Beach to be restored to pre-event condition on or prior to March 6, 2011. See attached standard field permit conditions.

STANDARD PERMIT CONDITIONS: The permittee shall comply with the attached standard field permit conditions.

APPLICANT INFORMATION: I hereby certify that I am either: (1a) the owner of the subject property or (1b) I have the owner's consent to secure this permit on the owner's behalf; and that (2) I shall obtain any applicable licenses or permits which may be required by federal, state, county, or municipal law prior to commencement of the authorized work; (3) I acknowledge that the authorized work is what I requested; and (4) I accept responsibility for compliance with all permit conditions.

FIELD PERMIT CONDITIONS

The following conditions shall apply to **FIELD PERMITS** (unless waived by DEP or modified by special permit condition). In the event of a conflict between a field permit condition and a special permit condition, the special condition shall prevail.

- 1) The permittee shall carry out the construction or activity for which the permit was granted in accordance with the plans and specifications that were approved by DEP as part of the permit. Any deviation there from shall be grounds for suspension of the work and revocation of the permit pursuant to Section 120.60(7), F.S., and may result in assessment of civil fines or issuance of an order to alter or remove the unauthorized structure, or both. No other construction or activities shall be conducted. No modifications to project size, location, or structural design are authorized. A copy of the permit shall be conspicuously displayed at the project site.
- 2) The permittee shall conduct the construction or activity authorized under the permit using extreme care to prevent any adverse impacts to the beach and dune system, marine turtles and their nests and habitats, or adjacent property and structures.
- 3) The permittee shall allow any duly authorized member of the staff to enter upon the premises associated with the project authorized by the permit for the purpose of ascertaining compliance with the terms of the permit and with the rules of DEP, until all construction or activities authorized or required in the permit have been completed and the project accepted by DEP.
- 4) The permittee shall hold and save the State of Florida, DEP, its officers and employees, harmless from any damage (no matter how occasioned and no matter what the amount) to persons or property that might result from the construction or activity authorized under the permit and from any and all claims and judgments resulting from such damage.
- 5) The permittee shall allow DEP to use all submitted records, notes, monitoring data, and other information relating to construction or any activity under the permit for any purpose it may deem necessary or convenient, except where such use is otherwise specifically forbidden by law.
- 6) Construction traffic shall not operate and building materials shall not be stored on vegetated areas seaward of the control line, unless specifically authorized by the permit. If (in the opinion of DEP staff) this requirement is not being met, positive control measures shall be provided by the permittee at the direction of DEP staff. Such measures may include temporary fencing, designated access roads, adjustment of construction sequence, or other requirements.
- 7) The permittee shall not disturb existing beach and dune topography and vegetation except as expressly authorized in the permit. Before the project is considered complete, any disturbed topography or vegetation shall be restored (as prescribed in the permit) with suitable fill material or revegetated with appropriate beach and dune vegetation.
- 8) The fill material shall be obtained from a source landward of the control line and shall consist of sand which is similar to that already on the site in both grain size and coloration. This fill material shall be free of construction debris, rocks, or other foreign matter. A sample of the sand shall be provided to the staff representative of the Bureau of Beaches and Coastal Systems during the preconstruction conference.
- 9) If surplus sand fill results from any approved excavation seaward of the CCCL, such material shall be distributed seaward of the CCCL on the site, as directed by DEP staff (unless otherwise specifically authorized by the permit).
- 10) Any native salt-resistant vegetation destroyed during construction shall be replaced with plants of the same species or, by authorization of DEP, with other native salt-resistant vegetation suitable for beach and dune stabilization. Unless otherwise specifically authorized by the staff, all plants installed in beach and coastal areas (whether to replace vegetation displaced, damaged, or destroyed during construction or otherwise) shall be of species indigenous to Florida beaches and dunes (i.e., sea oats, sea grape, saw palmetto, panic grass, salt meadow hay cord grass, seashore salt grass, and railroad vine).
- 11) All topographic restoration and revegetation work is subject to approval and acceptance by DEP staff.
- 12) If not specifically authorized elsewhere in this permit, no operation, transportation, or storage of equipment or materials is authorized seaward of the dune crest or rigid coastal structure during the marine turtle-nesting season. The marine turtle-nesting season is May 1 through October 31 in all counties (except Brevard, Indian River, St. Lucie, Martin, Palm Beach and Broward counties where marine turtle nesting occurs during the period of March 1 through October 31).
- 13) If not specifically authorized elsewhere in this permit, no temporary lighting of the construction area is authorized at any time during the marine turtle-nesting season and no additional permanent exterior lighting is authorized.
- 14) This permit has been issued to a specified property owner and is not valid for any other person.

Memorandum

To: Cathie Lewis, Public Works Director

From: Walter Fluegel, Community Development Director 

Date: January 10, 2011

Re: Jason Camp's Beach Bash Special Event Permit-Temporary Alcohol Permit Conditions

I've signed off on the State of Florida DBPR Temporary Extension of Alcohol Permit for the Beach Bash Special Events Permit, subject to the following conditions:

1. My approval is subject to approval of Town Council if Council's approval is deemed necessary;
2. Due to the non-specific nature of the applicant's site sketch of the event area, approval must be conditioned upon applicant securing permission from property owners owning land upon which the event is planned and providing same owners with the appropriate Certificate of Liability Insurance;
3. If vendor or event vehicles are accessing the beach, vehicular beach access permits must be obtained; and,
4. No construction is allowed on the beach without appropriate building permits and/or Coastal Construction Line Permits.
